

PAWS & REWARDS

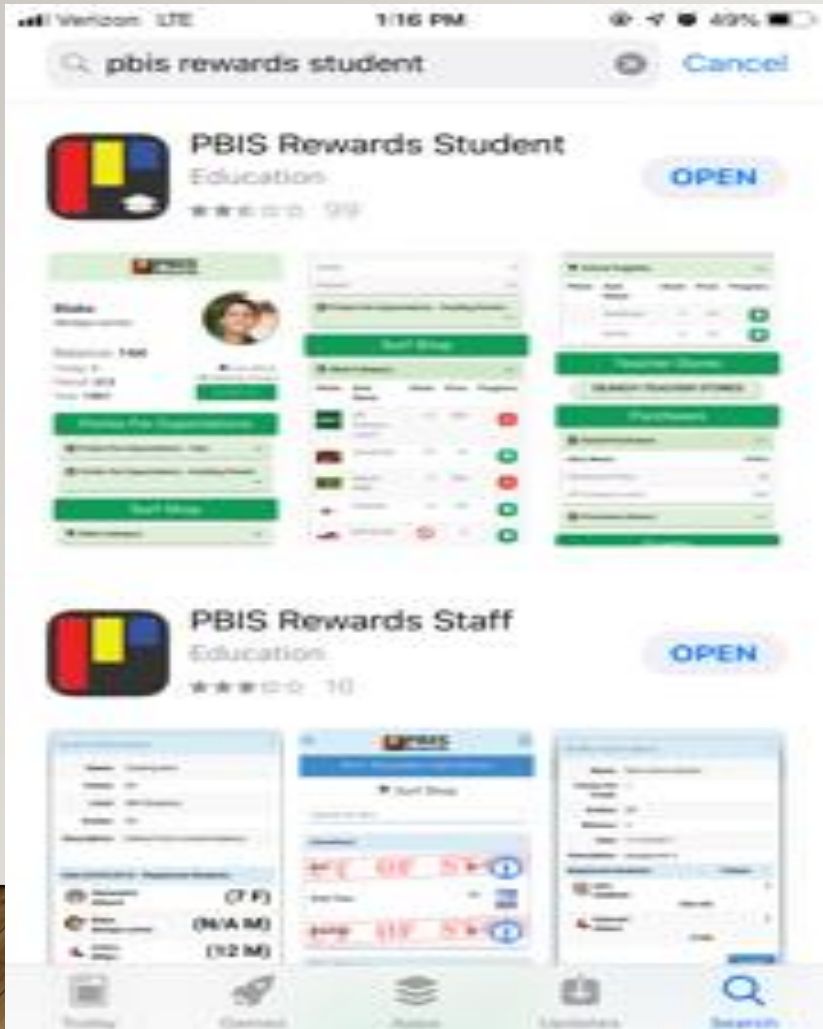

JAGUAR F.I.E.R.C.E.

WHAT ARE PAWS?

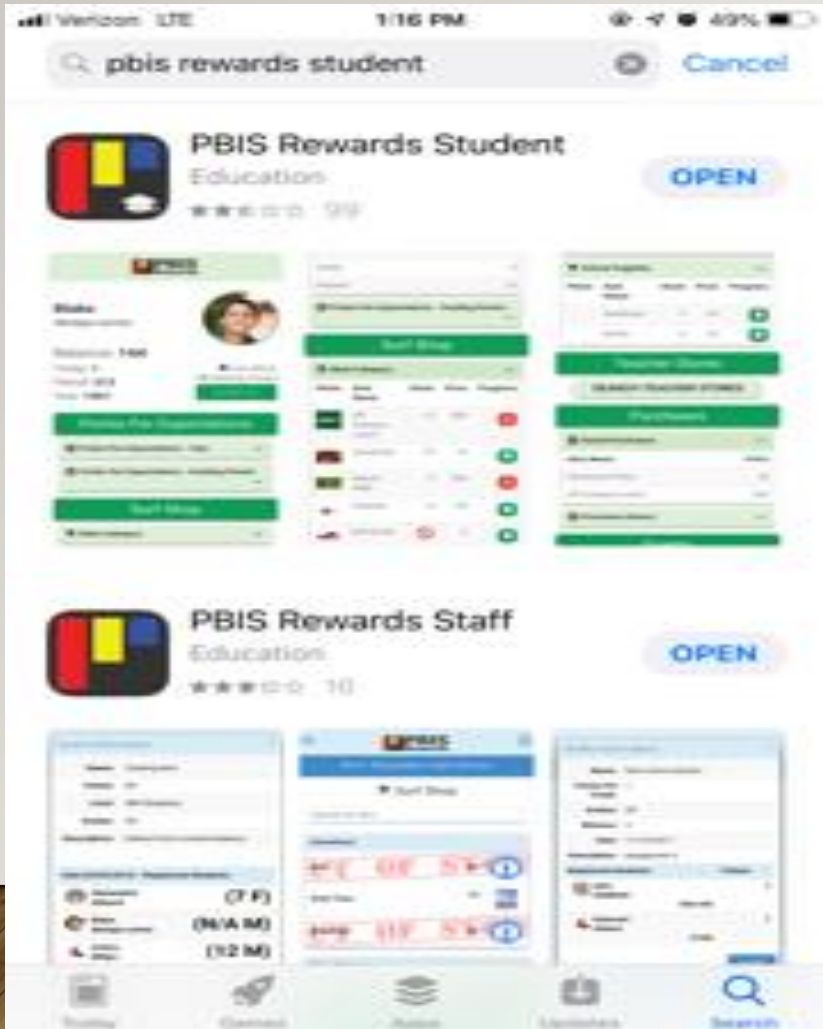

- PAWS are points you receive from teachers
- The PBIS Rewards system allows all staff members to give students PAWS digitally either with a computer, tablet, or phone.
- Students have a QR code inside their agendas so staff members can scan it to quickly award points to students who are being FIERCE.

WHAT ARE PAWS?

- This makes it much easier for teachers to give points to students in the class who are demonstrating “FIERCE” behaviors.

WHAT ARE PAWS?

- Students and parents are able to see their points by logging in on the computer with the **BMS school code: 1832**, their first initial, last initial, and their lunch number with a "0" in front of the number.
- They may also download the PBIS Rewards app from their itunes or android store. They must have their QR code to scan in order to get their point information from the app though. Below is the website for PBIS Rewards:
